Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Notes to Financial Statements
Year Ended December 31, 2014

1) ORGANIZATION AND OPERATIONS

Organization

The Shelter Providers of Riverside, Inc., dba HomeAid Inland Empire, (the "Organization") is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. The Organization was formed for the purpose of building and maintaining shelters for homeless men, women, and children across the Inland Empire.

Operations

The Organization receives a substantial portion of its financial support from donated materials, facilities, and services from third parties and fundraising events. The financial condition of the Organization depends significantly on its ability to raise funds from contributors. A significant reduction in the level of contributor support could affect the Organization's programs and activities. Management of the Organization believes it will continue to have adequate funding sources to maintain its present level of operations.

The Organization's revenue and support generally comes from four sources: donated materials, facilities, and services, fundraising events (special events), cash donations, and grants. Fundraising income includes, among other things, opportunity drawings, auctions, event sponsorships, event ticket sales and registration fees. Grant income normally is generated from foundation grants for the building or renovations of shelter projects. Donations represent funds received by the Organization or unconditional promises from third parties.

2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenues earned but not received are recorded as a receivable. Expenses are recorded when the liability is incurred.

Estimates

The financial statements have been prepared in accordance with generally accepted accounting principles and necessarily include amounts based on estimates and assumptions by management. Actual results could differ from those amounts.

2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents. Currently, the Organization does not have any investments considered to be cash equivalents.

Office Furniture, Fixtures and Equipment

Office furniture, fixtures and equipment are carried at cost. Donations of property and equipment are recorded as contributions at their estimated fair value. Such donations are reported as unrestricted contributions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service. The Organization reclassifies temporarily restricted net assets to unrestricted net assets at that time. Depreciation is provided on the straight-line method over an estimated useful life. Currently, the Organization does not have a policy for the capitalization of assets.

Inventory

The Organization had inventory on hand that is available for use for shelter projects as of year-end. Donated inventories on hand at year-end are valued at estimated fair market value.

Promises to Give

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are classified to unrestricted net assets.

The Organization uses the allowance method to determine uncollectable accounts receivable. The Organization believes all current accounts receivable are collectable.

Functional Expenses

The Organization allocates its expenses on a functional basis between its program, management and administrative services, and fundraising. Expenses that can be identified specifically with a program, administrative activity, or fundraising are allocated directly. Other expenses that are common to either functions are allocated by various statistical basis.

2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Income Taxes

The Organization is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation.

The Organization's Forms 990, Return of Organization Exempt from Income Tax, for the years ending 2012, 2013, and 2014 are subject to examination by the IRS, generally for three years after they were filed.

Donated Materials and Services

Donated materials and other non-monetary items are reflected as contributions in the accompanying statements at their estimated fair market values as of the date of receipt.

Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people whose those skills, and would otherwise be purchased by the Organization. Donated services are recognized as revenues in the period received and as assets or expenses depending on the services performed.

Financial Statement Presentation

The assets, liabilities and net assets of the Organization are reported in the following net asset groups:

Unrestricted net assets include resources that are not temporarily or permanently restricted by the donor and are available for operations of the Organization without limitation.

Temporarily restricted net assets include those resources whose use is restricted by donor-imposed criteria that either expires with the passage of time or by the actions of the Organization. Restricted resources whose restrictions are met in the same reporting period are reported as unrestricted resources. The Organization had temporarily restricted net assets of \$10,500 as of December 31, 2014. These net assets are restricted for specific shelter projects.

Permanently restricted net assets are subject to irrevocable donor restrictions requiring that the assets be maintained in perpetuity usually for generating investment income to fund current operations. There are no permanently restricted net assets as of December 31, 2014.
